# WELCOME LETTER

Dear Participant,

Congratulations on reaching the Gold Award! We are thrilled to welcome you to this final phase of your DofE journey.

The Gold Award represents the most significant and rewarding challenge you've encountered with DofE to date. It is a testament to your commitment and perseverance - qualities that will serve you well not only on this journey but throughout your life.

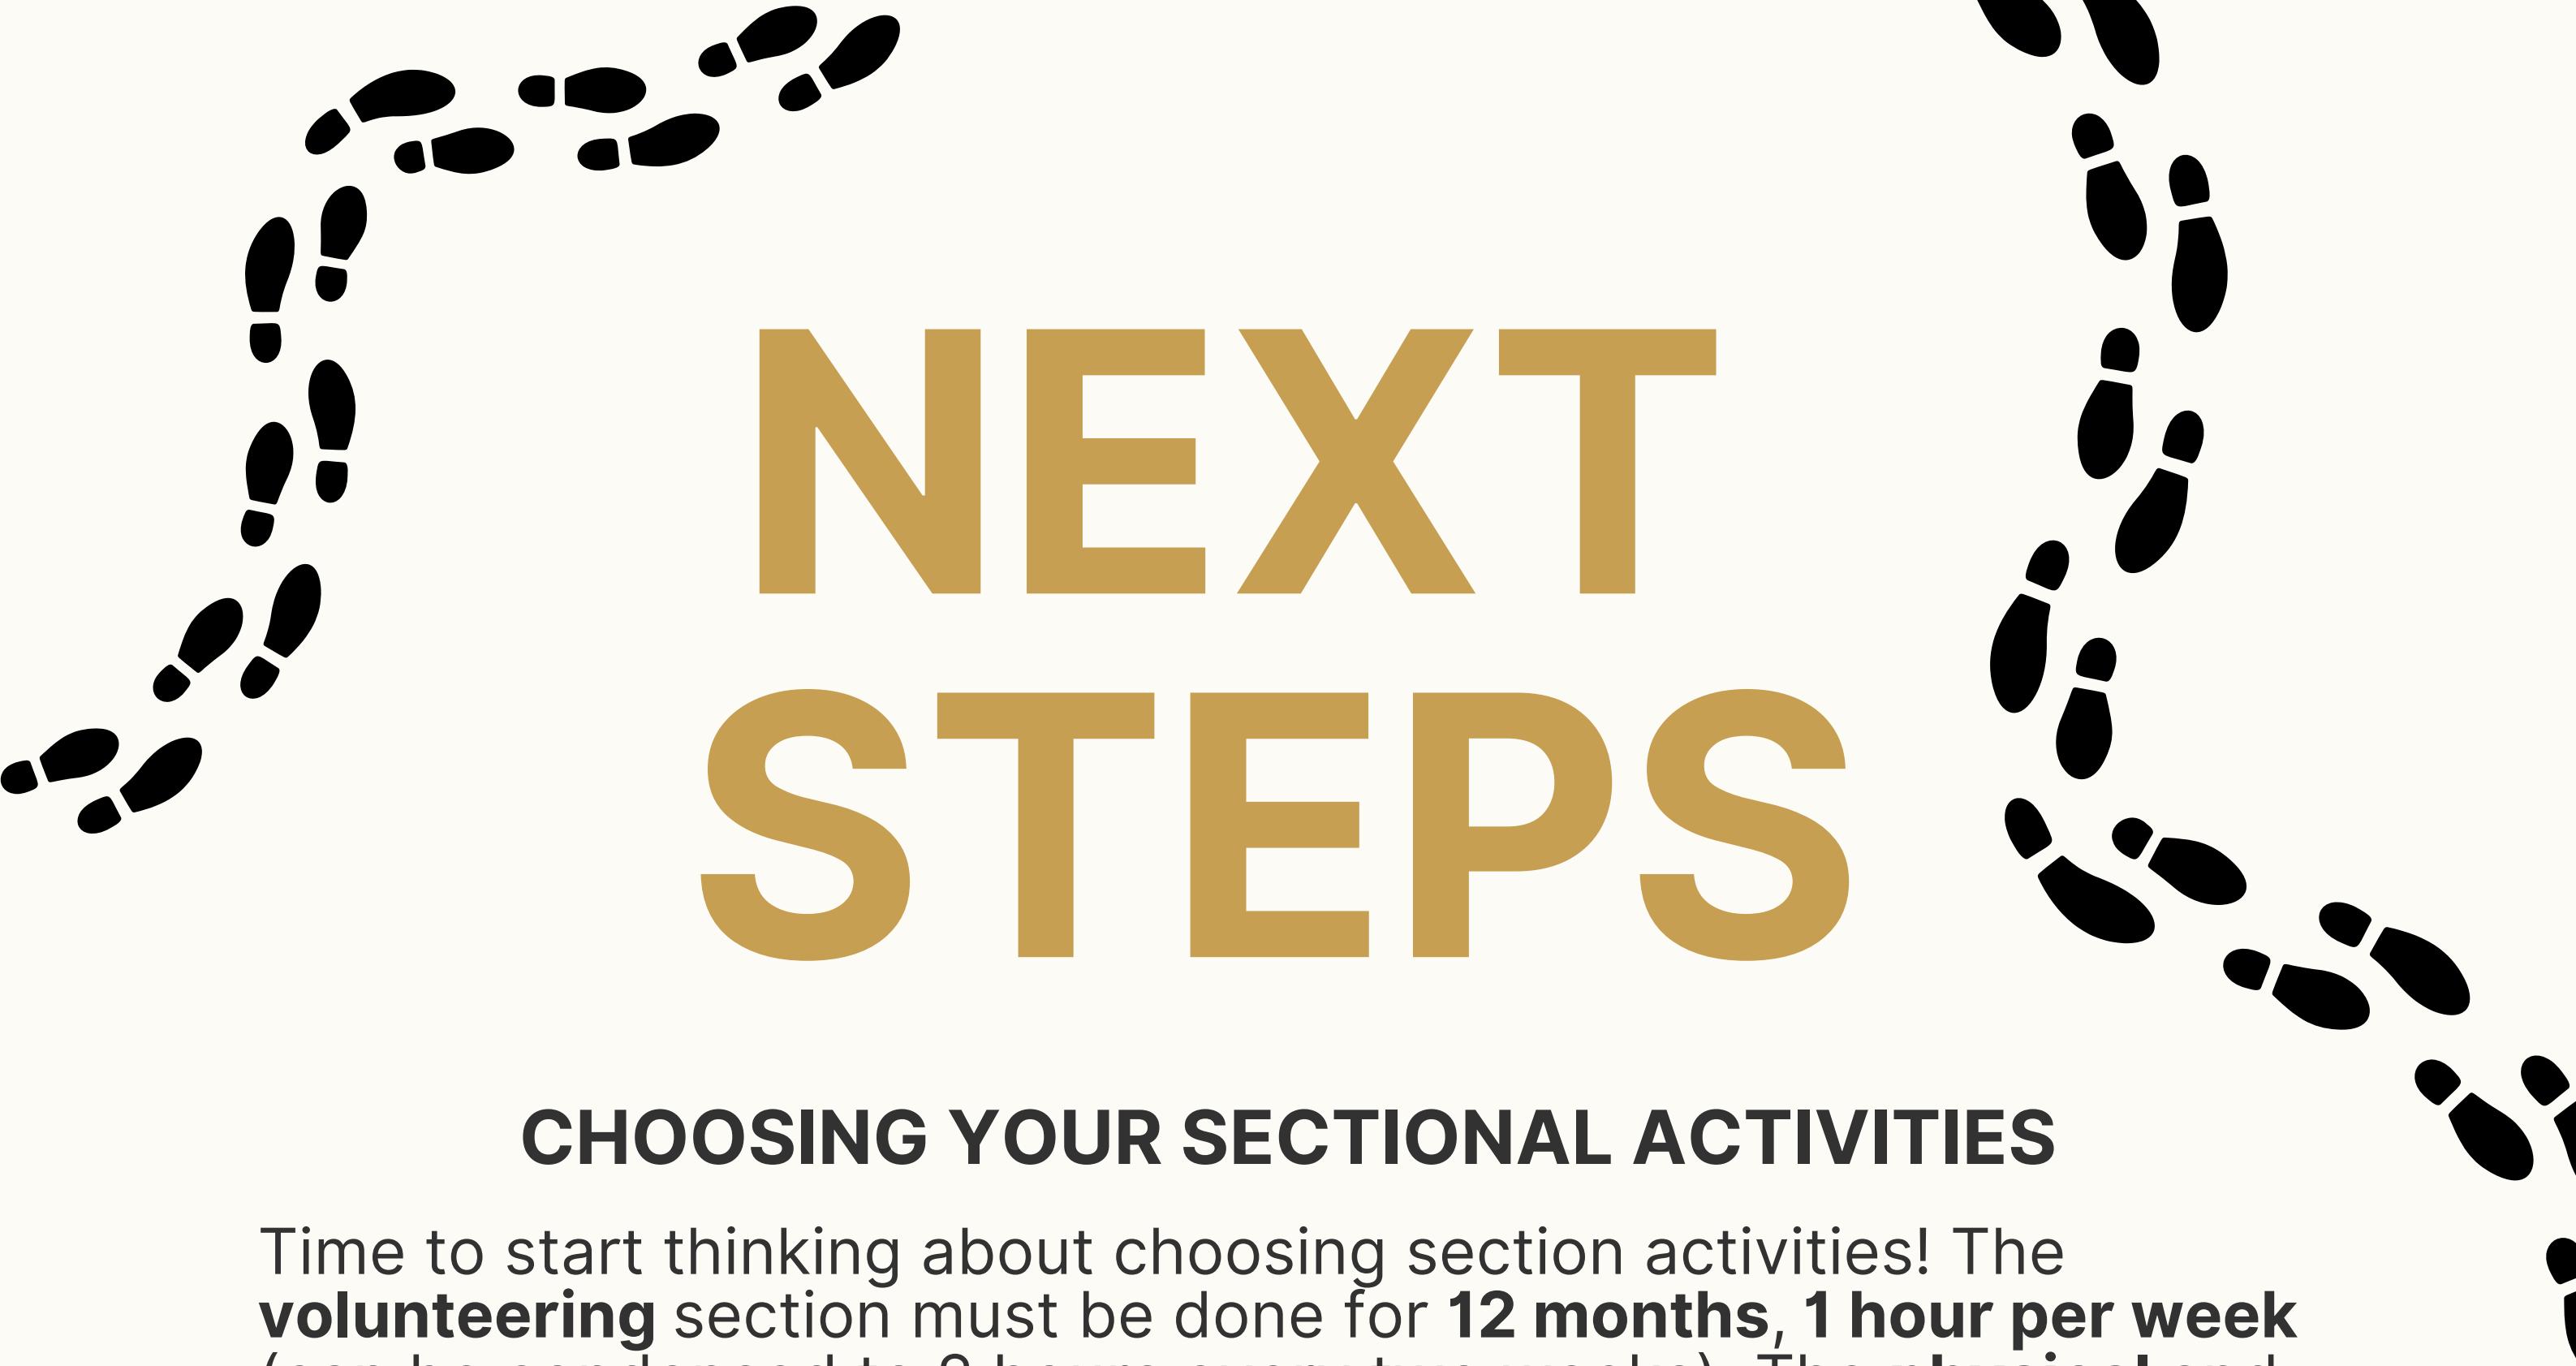

Throughout your award, you will refine the skills acquired during your Bronze and Silver Awards in navigation and camp setup, all while being guided by our knowledgeable instructors. Embrace the challenges that lie ahead; they will test your limits and teach you how to overcome obstacles, helping you emerge stronger.

Keep in mind that the Duke of Edinburgh's Award is a personal challenge. You'll set your own goals and work towards them, forming lasting friendships along the way. Remember, each step you take is an opportunity to grow and develop, which will empower you in all your future endeavours.

Best wishes for your Gold Award journey,

The CI Adventures Team

# NEXT STEPS

## CHOOSING YOUR SECTIONAL ACTIVITIES

Time to start thinking about choosing section activities! The **volunteering** section must be done for **12 months, 1 hour per week** (can be condensed to 2 hours every two weeks). The **physical** and **skills** sections will need to be done for **6 months, 1 hour a week**. Choose one of these sections to do for **12 months** instead of **6 months**.

1

Your chosen activity will need approving by your DofE leader, this will be done through eDofE (details below). When you attend your first eDofE session you should come with an idea of the activities you want to do for each of the sections and also have an idea who will be your assessor for each section.

Your chosen assessor should be someone over 18 years old who has some knowledge of your chosen activity and they cannot be related to you.

Need some inspiration? Please click [here](#) for activity ideas.

## REGISTER FOR EDOFE

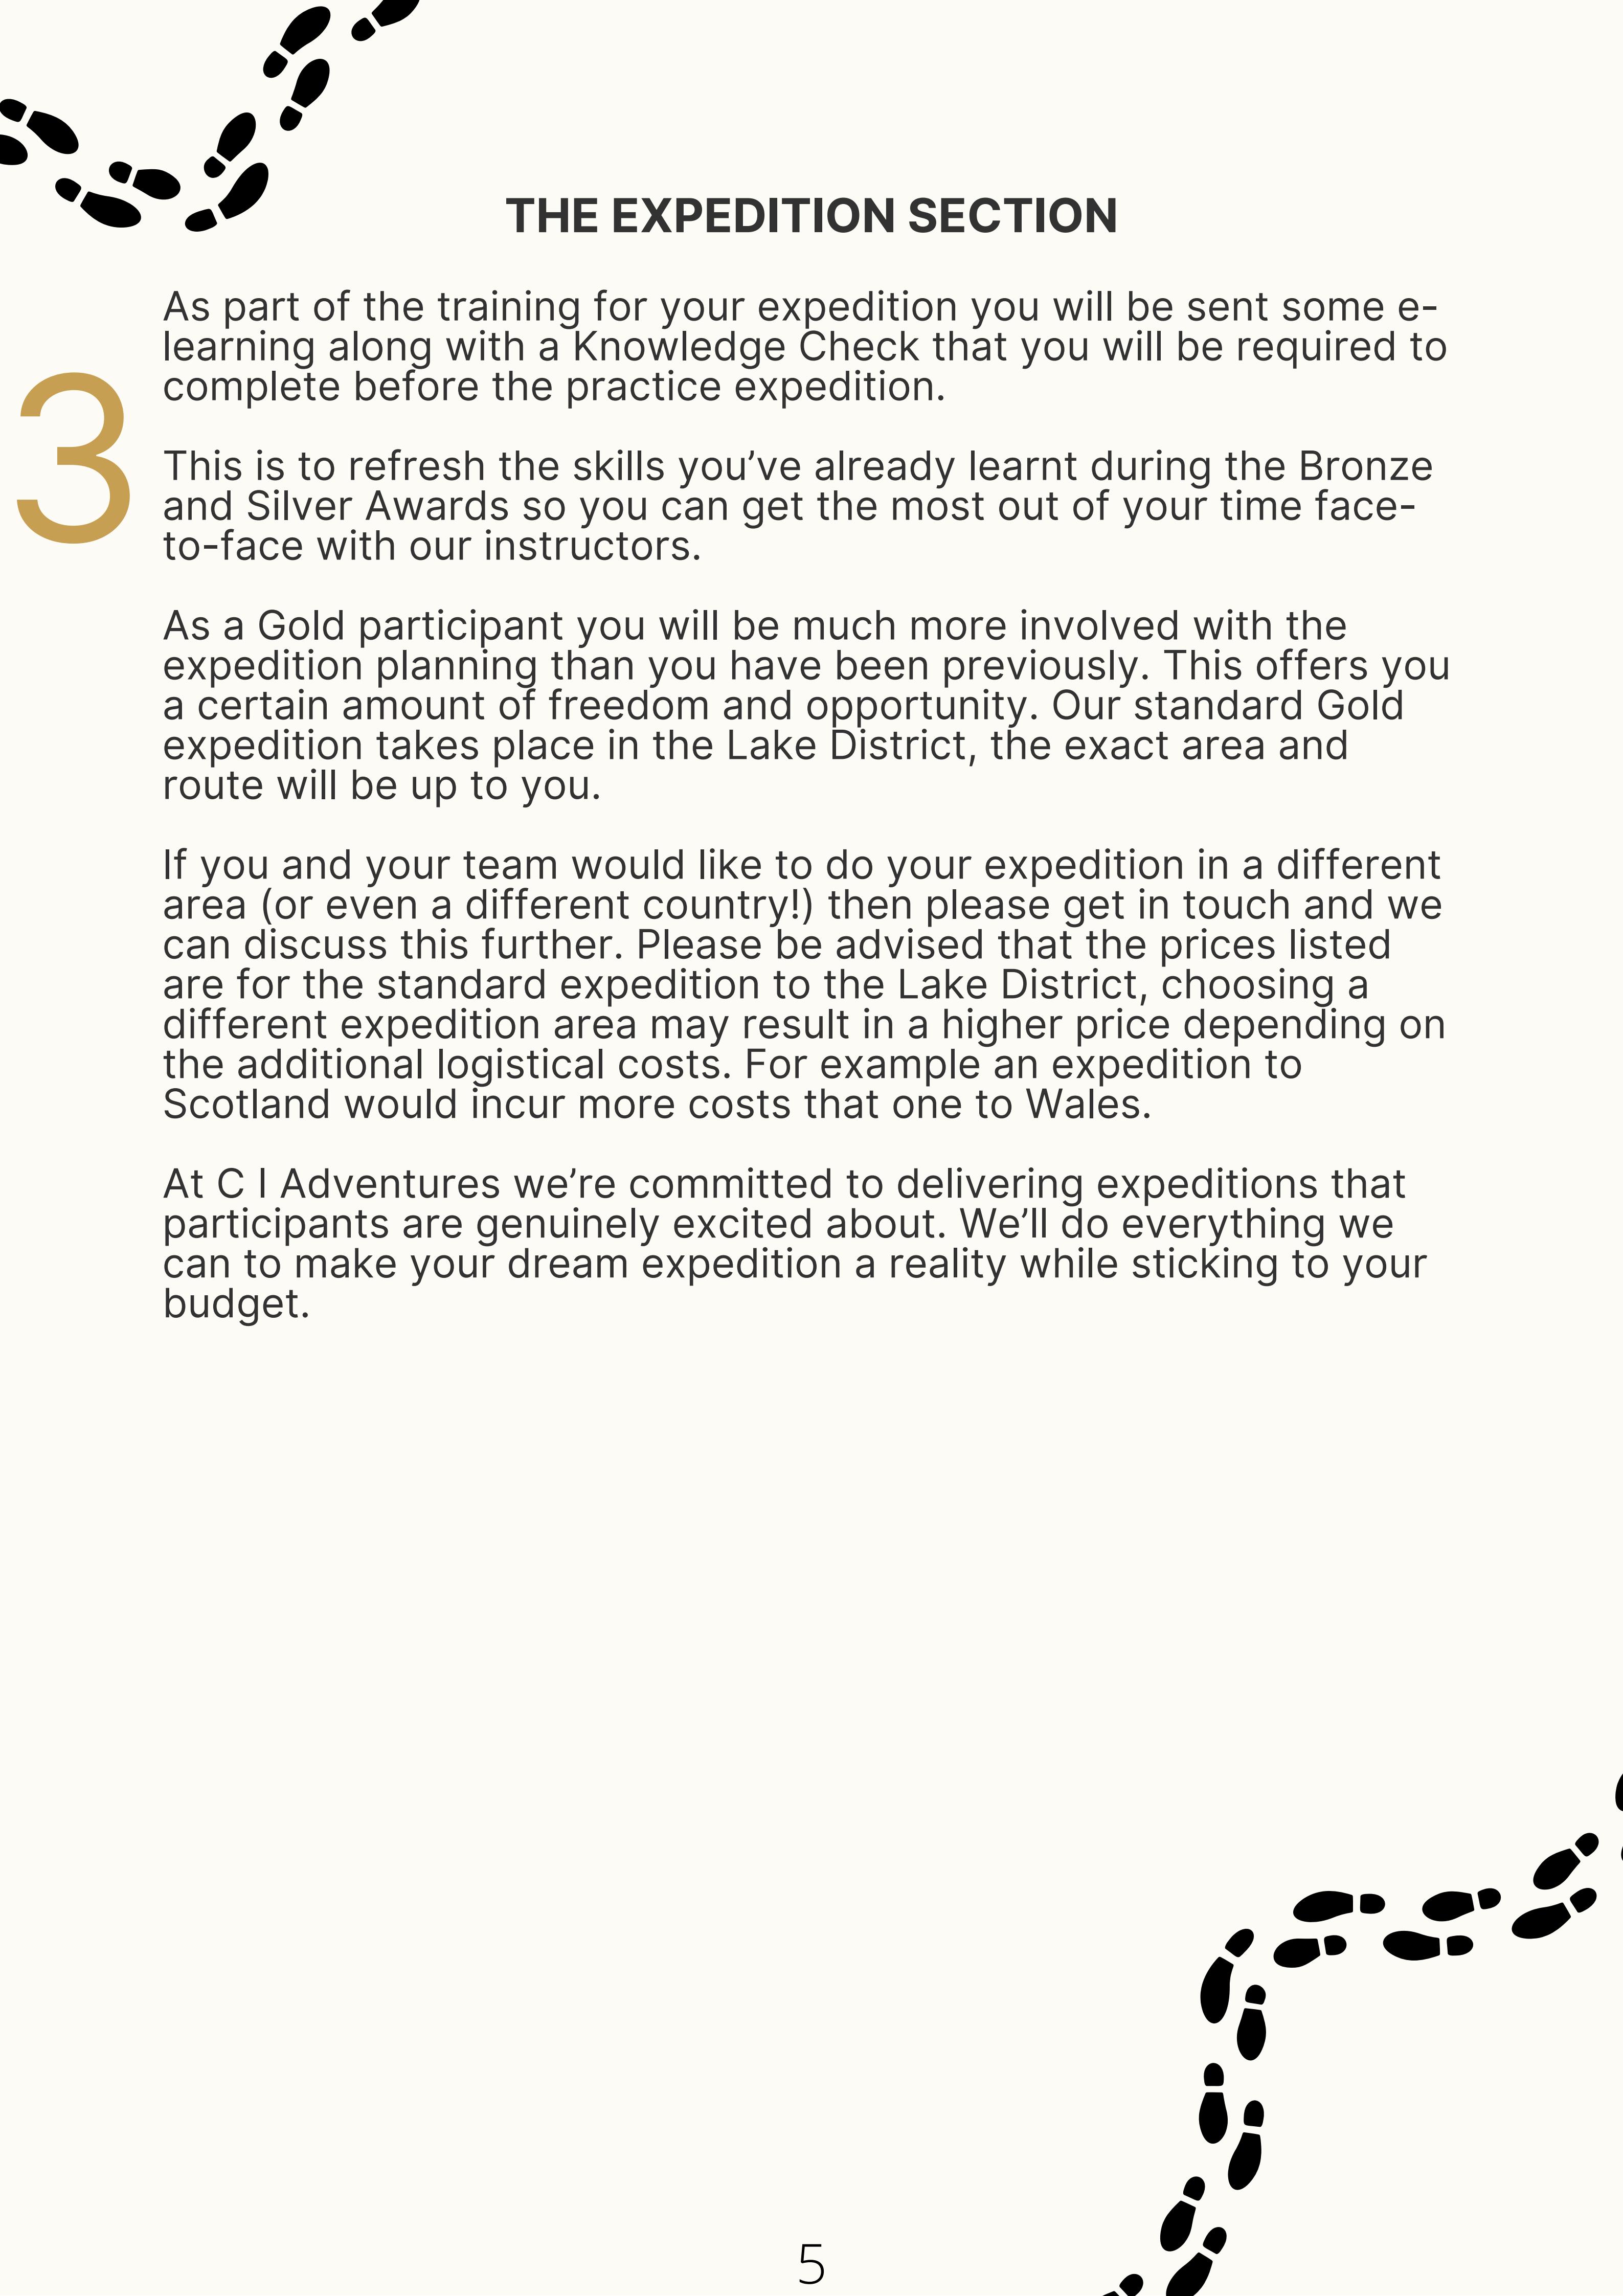

**eDofE** is the online portal where you will record any evidence and progress for each section of your award and keep in touch with your DofE leaders.

2

Now that you have been enrolled, your DofE leader will create your eDofE account.

You will receive your login details during your first eDofE session and our instructors will help you sign into your account for the first time. This is when you will sign the Code of Behaviour.

As mentioned above the first eDofE session will be more productive if you arrive with ideas for activities and the names of the people you would like to be your assessors.

## THE EXPEDITION SECTION

As part of the training for your expedition you will be sent some e-learning along with a Knowledge Check that you will be required to complete before the practice expedition.

This is to refresh the skills you've already learnt during the Bronze and Silver Awards so you can get the most out of your time face-to-face with our instructors.

As a Gold participant you will be much more involved with the expedition planning than you have been previously. This offers you a certain amount of freedom and opportunity. Our standard Gold expedition takes place in the Lake District, the exact area and route will be up to you.

If you and your team would like to do your expedition in a different area (or even a different country!) then please get in touch and we can discuss this further. Please be advised that the prices listed are for the standard expedition to the Lake District, choosing a different expedition area may result in a higher price depending on the additional logistical costs. For example an expedition to Scotland would incur more costs than one to Wales.

At C I Adventures we're committed to delivering expeditions that participants are genuinely excited about. We'll do everything we can to make your dream expedition a reality while sticking to your budget.

## PERSONAL KIT FOR YOUR EXPEDITION

Personal kit (walking boots, waterproof clothing, rucksack, sleeping bag and roll mat) can be hired from C1 Adventures for a small fee. Kit hire prices can be found in the FAQs.

However if you would like to purchase the necessary equipment instead, we recommend this is done with plenty of time to wear in/get familiar with the kit before the expedition.

# 4

### **Personal Kit List:**

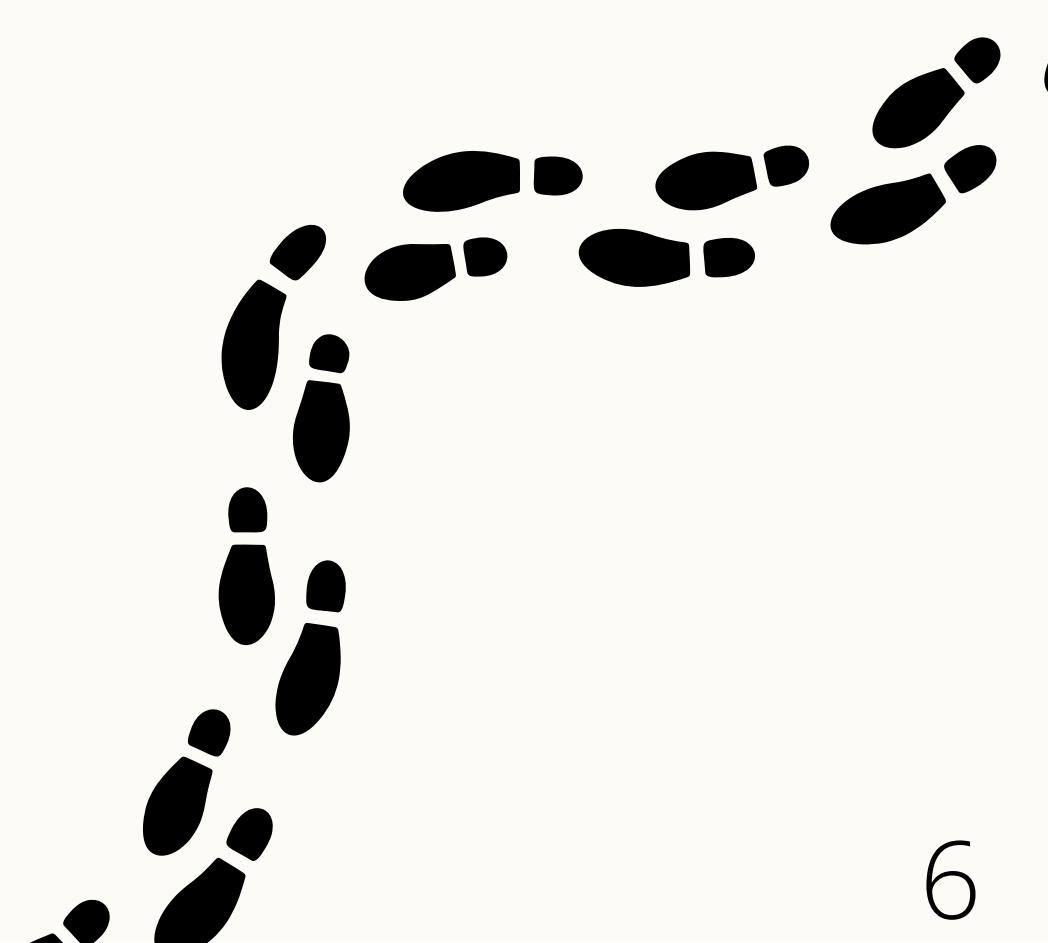

- Walking Boots - Something waterproof and sturdy with good ankle support
- Waterproof Jacket AND Trousers - Waterproof/windproof with a hood
- Expedition Rucksack - Chest and waist straps, at least 60Ltr
- Day Rucksack/Backpack - Must be comfy and fit extra layers plus your lunch
- Sleeping Bag - 3/4 season (The evenings will still be cold in April!). Must be compact

There are a lot of options for buying kit to suit every budget.

Sports Direct, Mountain Warehouse & Decathlon have some good budget options.

Cotswold, Millets, Go Outdoors & Blacks all offer a discount to DofE participants with a discount card.

## THE RESIDENTIAL SECTION

Now that you've reached the Gold award there is a new section to be completed, the Residential section! For most participants this section becomes one of the highlights throughout their whole DofE journey.

For details of the Residential section, please [click here](#).

We will discuss the Residential section in more detail during the first eDofE session. It is worth having a look at the opportunity finder to get an idea of what's currently available ([Click Here](#)).

# FAQs

<b>Can my Auntie/Uncle/Grandma/Dad be the section assessor for my volunteering/physical/skills section?</b>	<p>No, your section assessor cannot be related to you. Your section supervisor must be over 18 and should be knowledgeable on your chosen activity. If you have chosen a fairly independent activity then trusted family friends and neighbours can be a fantastic option for assessors. For example if you chose gardening for your skills section then your next door neighbour could be your assessor. For more information about section assessors and how they can submit their reports please click <a href="#">Here</a>.</p>
<b>Can I volunteer for a business?</b>	<p>Generally speaking, no you cannot volunteer for a business although there are some exceptions. For example you cannot volunteer to do unpaid labour for a nursing home eg cleaning, cooking meals etc however you could volunteer to read to residents. If you're not sure if what you have in mind qualifies for the volunteering section it's best to check with us first. Please also note you cannot volunteer to help your parents clean up at home!</p>
<b>When will I get my DofE card?</b>	<p>You will be able to apply for your DofE card when you're set up on eDofE. We will show you how to do this during your first eDofE session.</p>
